

Curriculum vitae – Hans-Peter Braun

Date of birth: December 28th, 1962 in Hamburg
Nationality: German
Address: Leibniz University Hannover, Institute for Plant Genetics,
Herrenhäuser Str. 2, 30419 Hannover, Germany, phone / fax: +49-
(0)511 7622674 / 7623608, e-mail: braun@genetik.uni-hannover.de,
homepage: <http://www.genetik.uni-hannover.de/braun.html>

Degrees

1990 Diplom-Biologe
1993 Dr. rer. nat.
1997 Habilitation

Scientific career

1983-1990 Studies of Physics and Biology at the Technische Universität Berlin (1983-1984), Freie Universität Berlin (1984-1988), Duke University, North Carolina, USA (1988-1989); Diplom in Biology (1990)
1990-1993 PhD (Dr. rer. nat) in Biology, Institut für Genbiologische Forschung GmbH, Berlin, '*Summa cum laude*'
1993-1995 Postdoc, Institut für Genbiologische Forschung GmbH, Berlin
1996-1997 Postdoc, Institut für Angewandte Genetik, Leibniz University Hannover
1997 Habilitation in 'Molecular Biology', Department of Biology, Leibniz University Hannover
1997-2001 Lecturer, Department of Horticulture, Leibniz University Hannover
2001-2002 Substitute of the Botany chair at Karlsruhe University
2002-2007 Head of the 'Plant Proteomics' group at Leibniz University of Hannover
2007 Appointment to a Professorship for "Functional Genomics", Bordeaux University, France; appointment to a W2-Professorship for "Plant Proteomics", Leibniz University Hannover
2008-2009 W2-Professor of "Plant Proteomics", Head of Department, Leibniz University of Hannover (DFG Heisenberg Professorship)
since 2008 Speaker of the Research Initiative "Angewandte Pflanzenbiotechnologie" (ZAP), Leibniz Universität Hannover
since 2009 Head of the "Massenspektrometrie Forum Hannover" (MFH)
2009 Appointment to a W3-Professorship for "Crop Functional Genomics", Bonn University; appointment to a W3-Professorship for "Plant Proteomics" at the Leibniz University Hannover
since 2010 W3-Professor of "Plant Proteomics", Leibniz University Hannover (DFG Heisenberg Professorship)
since 2010 Head of the Institute of Plant Genetics, Leibniz University Hannover
since 2011 President of the "German Society for Proteome Research" ("Deutsche Gesellschaft für Proteomforschung", DGPF)
